BEAM

wood

DESIGNER - FRANCESC RIFÉ

Beam is a perfect collection to project living rooms, rest areas and outdoor dining rooms with a sober and balanced design, but at the same time with elegant details that provide identity and character.

With a marked architectural cut, the design of the Beam collection plays with the different planes and dimensions of the slats, giving each piece a subtle graphic expression. Made of iroko wood, the design of the Beam collection is characterized by its strong, sober and rectilinear volumes.

BEAM COLLECTION	Reference	Description	Dimensions (piece / cm)	Weight (kg)	Pieces (/ Box)	Dimensions (Box / cm)	Volume (m ³)	Weight (kg)

BEAM

aluminium

DISEÑADOR - FRANCESC RIFÉ

Obtained from a studied set of slats and planes of different dimensions, whose calculated position generates a subtle graphic expression, as well as refined details that give it identity and character.

Beyond its attractive appearance, another of the great peculiarities of this collection of outdoor aluminum furniture is that it is available for personalization in the entire RAL color chart. Apart from the versatility that it supposes when designing a space, this possibility highlights, in turn, the ability of the Beam collection to adopt a more neutral, sober or serene appearance, or else colorful, vibrant and carefree.

N° 12

DISEÑADOR - JORGE HERRERA STUDIO

The different elements of the N12 collection arise from a mixture of aluminum tubes and rods that intertwine at certain points, as in wicker furniture. The beauty of its structures and frameworks is projected onto the ground, generating an attractive play of shadows.

Technology and tradition come together in this collection to evolve towards complex, light, stable and resistant aluminum structures with impeccable, practically invisible welds. Thin upholstered cushions add sophistication to the ensemble, making them especially attractive on sun loungers.

The fabric of the seats in the N12 collection is designed with a curvature that adapts to the shape of the body. In addition, its studied distance between rods provides the maximum ergonomics.

N12 COLLECTION	Reference	Description	Dimensions (piece / cm)	Weight (kg)	Pieces (/ Box)	Dimensions (Box / cm)	Volume (m ³)	Weight (kg)

PANAMA

DESIGNER - MARK GABBERTAS

The rod structures on which the wicker is woven are the inspiration for this collection of outdoor furniture, approached under the codes of contemporary design. The aesthetics of the Panama collection is characterized by the contrast between the lightness of its structures, based on aluminum rods, and the warm presence of its upholstered parts.

Las estructuras de varillas sobre las que se teje el mimbre son la inspiración de esta colección de muebles de exterior, abordada bajo los códigos del diseño contemporáneo. La estética de la colección Panama se caracteriza por el contraste entre la levedad de sus estructuras, a base de varillas de aluminio, y la cálida presencia de sus partes tapizadas.

DRUMS

DESIGNER - FRANCESC RIFÉ

Born to impact. For both individual and group use, the compelling and attractive geometric design of the Drums Side Tables hardly goes unnoticed. The tables in the Drums collection have great performance and durability outdoors due to the materials with which they are made, but due to their aesthetics they also fit in interior spaces.

Nacidas para impactar. Tanto para un uso individual como en grupo, el contundente y atractivo diseño geométrico de las mesas auxiliares Drums difícilmente pasa desapercibido. Las mesas de la colección Drums tienen un gran rendimiento y durabilidad en el exterior por los materiales con que están hechas, pero por su estética encajan también en espacios interiores.

TWIST

DISEÑADOR - MARK GABBERTAS

Twist is a collection that offers a delicate and elegant contrast between its light character and the solidity of its volumes. The seats and the lounge use their strings to do so, while the tables have thin envelopes that are simulated raised with respect to the legs, as if they were floating.

TWIST COLLECTION	Reference	Description	Dimensions (piece / cm)	Weight (kg)	Pieces (/ Box)	Dimensions (Box / cm)	Volume (m ³)	Weight (kg)

PARC

DESIGNER - BAMBÚSTUDIO

A collection for outdoor spaces with a casual style. The furniture in the Parc collection is very light and stackable, which allows an easy reconfiguration of outdoor contract spaces, depending on the needs of use at all times.

Made of tube and aluminum sheet, Parc is a collection of outdoor furniture with a very original design, but simple and light at the same time on a formal level. Its seats and the sun lounger are completed with fine and ingenious upholstered cushions, which are easily attached or removed through a clipping system.

PARC COLLECTION	Reference	Description	Dimensions (piece / cm)	Weight (kg)	Pieces (/ Box)	Dimensions (Box / cm)	Volume (m ³)	Weight (kg)

GANDULA

DESIGNER - OISIDE DESIGN STUDIO

An updated and more efficient version of the typical sun loungers so common in the Mediterranean landscape, made with more resistant materials and an improved design.

The collection owes its name to the popular name in Spain for this type of hammock in the northern Mediterranean - which means lazy. Maintaining the essence of their traditional design, OISIDE loafers incorporate lighter and more resistant materials that allow them to be left permanently outdoors.

GANDULA COLLECTION	Reference	Description	Dimensions (piece / cm)	Weight (kg)	Pieces (/ Box)	Dimensions (Box / cm)	Volume (m³)	Weight (kg)
