QUICKDRY & AIRFLOW SYSTEM

Cane-line QuickDry & Airflow system offers cushions with our special QuickDryFoam®. The unique cushion composition with QuickDryFoam® ensures a quick drainage after heavy rain and an effective air circulation in humid weather conditions. The benefit is dry cushions approximately one hour after downpour and no risk of mould building inside the cushions due to the constant air circulation.

We recommend to store cushions indoors in a ventilated room or in one of our cushion boxes during winter season or when not in use for a longer period. For more information regarding maintenance and cleaning see cane-line.com.

All series with the QuickDry & Airflow system logo include QuickDryFoam®. All other cushions are delivered with our high quality Cane-line foam (cold foam).

CUSHION COMPOSITION

- Outer cover/fabric
- Inner cover/rain cover
- Padding
- QuickDryFoam®

90% of rainwater is repelled, whereas only 10% passes through the cushion

- Approximately one hour after rainshowers your cushions are dry, and you can sit comfortable in your furniture again.
- After a downpour, place the cushions in an upright position so the water can drain.

Indoor

Cane-line®

Collection 2025

Cane-line is a Danish design company with more than 30 years of experience in designing and manufacturing functional and comfortable furniture.

Life made comfortable is the very essence of Cane-line. All over the world our mission is the same – to make life comfortable and add value to life and the places where you unwind and relax. We are constantly focusing on quality, innovative technologies and comfort in both products and life to ensure that our furniture is made with the greatest care for the environment and the well-being of people.

Cane-line outdoor collection is designed and manufactured with the purpose to have a comfortable outdoor living lifestyle. The all-weather furniture offers maximum comfort and minimal maintenance.
